

Introducing

Distressed

Nickel

Timeless, natural patina with deep charcoal tones provides the perfect compliment for natural materials like slate or marble

ON TREND AESTHETICS

- One of the fastest growing finish trends in the market place
- Suites with other distressed finishes on products such as lighting, plumbing, cabinet, and door hardware

SECURITY & QUALITY:

- BHMA Grade 2 product performance on knobs and levers ensures superior security and guarantees minimal call backs
- BHMA Grade 1 Deadbolts for maximum security
- Schlage Lifetime Finish and Mechanical Warranties give you confidence that you have a partner that will stand behind every product you install
- Keyed products available with the SecureKey™ re-keyable cylinder

EASY INSTALLATION & CONVENIENCE:

- Guaranteed to fit standard door preps
- Field reversible levers
- Innovative Snap and Stay™ deadbolt installation feature
- Adjustable through bolt on handlesets moves up and down 1-1/2" to fit a variety of pre-existing holes
